REMARKS

In response to the Restriction Requirement of December 23, 2003, Applicants hereby elect Claims 1-9, 17-24, 31-40 and 50-55 corresponding to Invention II, drawn to methods of fabricating integrated circuit devices. Applicants have canceled Claims 10-16, 25-30, 41-49 and 56-61 corresponding to Invention I, drawn to integrated circuit devices. This cancellation is being made without prejudice to the filing of a divisional application for these claims and/or other claims.

Applicants are not traversing the restriction requirement because Applicants agree that the unpatentability of Invention I would not necessarily imply the unpatentability of Invention II.

The title has been changed to conform to the election of Claims 1-9, 17-24, 31-40 and 50-55.

In view of the above, Applicants respectfully request favorable examination and allowance of Claims 1-9, 17-24, 31-40 and 50-55.

Respectfully submitted,
